Laws Requiring/Mentioning SAP

- Act 211 of 1990 requires school districts to establish and maintain a K-12_program to provide appropriate counseling and support services to students who experience problems related to the use of drugs, alcohol, and dangerous controlled substances. The Secretary of Education then named the Commonwealth Student Assistance Program (K-12) to fulfill the requirement to identify high risk students, intervene and refer them to appropriate community services. Act 211 of 1990 is covered in BEC 24 P.S. §15-1547.
- <u>Chapter 12 of the PA School Code</u> was amended in 2005 to include planning and provision of Student Assistance Programs for all school entities.
- Act 44 of 2018 and Act 18 of 2019: SAP is mentioned in these school safety and security laws, encouraging schools to think about the alignment of SAP teams with other required school teams, such as threat assessment teams. Act 18 of 2019 encourages that the threat assessment team include an individual who serves on the SAP team. The school safety and security assessment required in Act 44 of 2018 includes a student assistance and behavioral health support assessment which should assess availability of student assistance programs.
